Pixel

Designer Sergio Bicego
Produzione / Production year: 2010 - Restyling 2014

Descrizione

Nato dalla creatività di Sergio Bicego, il divano Pixel è caratterizzato da una serie di elementi che si combinano liberamente tra loro, sfruttando un esclusivo innesto creato da Saba Italia. È così possibile scomporre i braccioli e gli schienali dalle basi per creare nuove composizioni in assoluta libertà. Le sedute in piuma sono caratterizzate dalla particolare cucitura trapuntata, che evidenzia le infinite possibilità di combinare i tessuti della collezione Saba per creare ogni volta un divano unico e personalissimo. Grazie alla particolare forma degli schienali e dei braccioli, le dimensioni complessive del divano risultano sempre molto contenute, sia in larghezza che in profondità, senza penalizzarne l'estetica. Il divano Pixel è stato accuratamente concepito in base ai criteri di ergonomia, per avere il massimo comfort su un prodotto altamente ricercato dal punto di vista stilistico. Completamente sfoderabile.

Struttura - Imbottitura

In legno imbottito con poliuretano espanso a quote differenziate (43IP - 25IM - 30IP); superiormente è rivestita con tela di cotone 100% che contiene piuma lavata e sterilizzata, suddivisa in scomparti. Il molleggio della seduta viene assicurato da cinghie elastiche con anima in polipropilene. Le schiene sono in legno multistrato curvato, imbottite con poliuretano espanso a quote differenziate (25IM e 75IP), rivestite con vellutino accoppiato a poliestere e hanno un piede cilindrico in acciaio cromato o verniciato.

I cuscini dello schienale sono imbottiti in piuma d'oca lavata e sterilizzata suddivisa a scomparti e rivestita con tessuto di cotone bianco 100%.

Piedini

In ABS nero h 4 cm.

Description

The Pixel sofa is characterized by a series of elements which can be combined freely using an exclusive connector made by Saba Italia. The arm and back rests can be detached from the base to create endless new arrangements. The feather-padded seat cushions can be upholstered with a patchwork cover highlighting the limitless possibilities of personalization when choosing a Saba sofa. Thanks to the particular shape of the back and arm rests, the overall size of the sofa is small, both in terms of width and depth, without compromising its aesthetics. The Pixel sofa has been carefully and ergonomically designed to provide the greatest comfort and a highly stylish product. Fully removable covers.

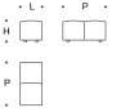

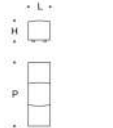

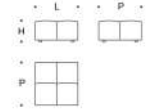

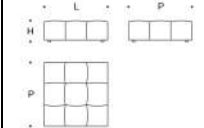

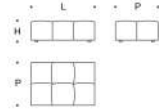

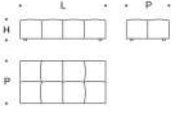

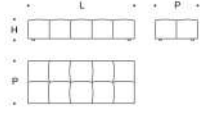

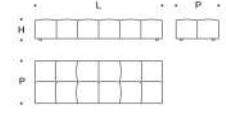

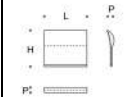

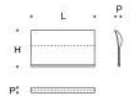

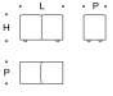

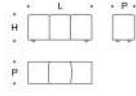

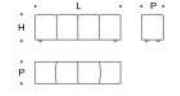

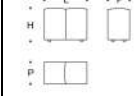

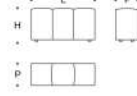

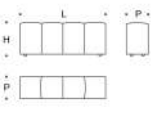

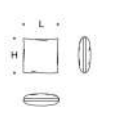

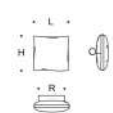

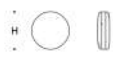

Structure - Padding

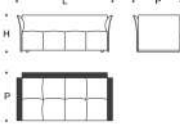

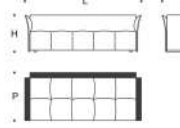

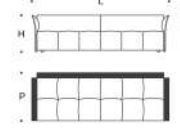

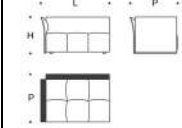

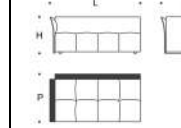

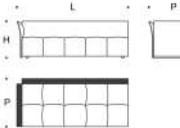

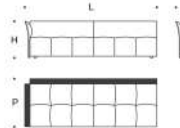

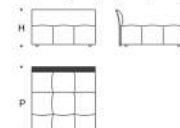

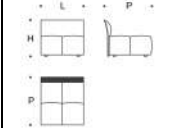

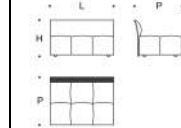

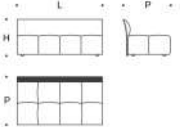

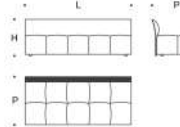

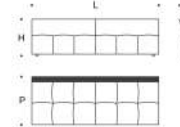

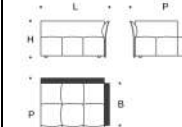

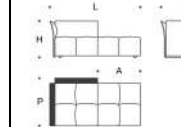

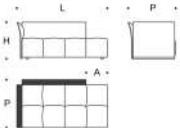

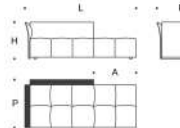

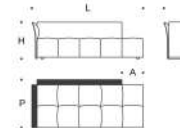

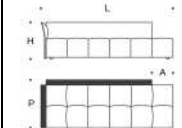

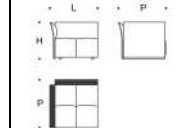

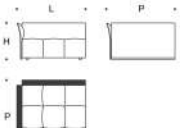

In wood padded with variable-density polyurethane foam (43IP - 25IM - 30IP). The upper part is covered with 100% cotton cloth which contains washed and sterilized goose feather, divided into sections. The seat is sprung with elastic straps reinforced with polypropylene. The backs are in curved plywood, padded with variable-density polyurethane foam (25IM and 75IP), and covered with polyester-backed velveteen, and have cylindrical steel base in chrome or painted finish.

The back cushions are filled with washed and sterilized goose down quilted into sections and covered with white 100% cotton fabric.

Feet

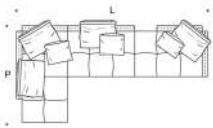

4 cm high, in black ABS.
